## Our NEW BUBBLE MAILERS are made with +80% recycled plastic!

We are committed to a healthy and safe environment! We have done research and created our own and unique technology in order to use all kinds of plastics that otherwise would not be recycled or would be incinerated and give them a new life. We guarantee the same quality and product lifetime, free from any harmful chemists, 100% recyclable and eco-friendly!

Available colors:

We produce envelope by request

from 100 pcs
